VOL. XXXII

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., THURSDAY, APRIL 16, 1925.

NO. 16

## CITY IS GRANTED TIDE-LANDS BY LEGISLATURE

**Eksward Bill Has Been  
Signed by Governor  
Richardson**

A bill by Assemblyman Frank Eksward, San Mateo county, granting tide lands to the city of South San Francisco, has been signed by Governor Richardson.

Control of the harbor at South San Francisco by the city was urged by a committee headed by City Attorney John F. Davis and including Ambrose McSweeney, county tax collector, and Ben Truax, insurance and realty man.

The bill is entitled: "An act granting to the city of South San Francisco the salt marsh, tide and submerged lands of the State of California, including the right to wharf out therefrom to the city of South San Francisco and regulating the management use and control thereof."

Signature of the governor on the bill assures South San Francisco a necessary control of harbor frontage on the same general terms as those in force at Alameda and Los Angeles and will be the forerunner of extensive improvement, including dredging of the bar off San Bruno point to allow anchorage of deep water vessels at San Mateo and Redwood City, it is claimed by those interested in the measure.

City control of the South San Francisco harbor is one of the first steps necessary toward government aid for the harbor and dredging of the San Bruno Point sandbar, it is claimed by representatives of South San Francisco who recently appealed to Washington for improvements of the San Mateo county harbor.

## COUNTY HOSPITAL ROW DEVELOPS

REDWOOD CITY, April 16.—A second resignation, that of Selah Chamberlain, as a member of the advisory commission of the San Mateo County Hospital, following that of Dr. C. Thompson, Monday, who quit when the board of county supervisors voted to assume the direct power of appointing commission members.

Fight over the administration of the county hospital, located at Bedford began Monday at a meeting of the county supervisors in Redwood City, when Supervisor Thomas L. Hickey of South San Francisco made a motion that members of the advisory board be appointed by the supervisors rather than selected by the board members as a body.

Dr. Thompson, who is a member of the supervisors, declared that the administration of the hospital should be kept out of politics as much as possible.

Despite Dr. Thompson's objections and motion for a delay of two weeks, which was lost on roll call, Hickey's motion to adopt the new by-laws, providing that all members of the hospital commission shall be appointed by the supervisors, was carried. There were three votes for it and two against. Chairman John MacBain, Supervisor Hickey and Supervisor Rosalie M. Brown voted in the affirmative. Supervisors Thompson and Manuel Francis voted in the negative.

Chamberlain was quoted Tuesday as saying that he was thinking of resigning because of the action taken by the board. He is said to have announced that he agreed with Dr. Thompson's attitude.

Members of the advisory commission appointed originally by the supervisors were John MacBain, Dr. C. V. Thompson, Mrs. J. Merrill, Selah Chamberlain and W. H. Crocker.

Crocker resigned some time ago but his resignation was not accepted until Monday. Then William Munro, of Hillsborough, was appointed in his place.

On motion of Dr. Thompson Monday, the supervisors agreed to summon Dr. Wood C. Baker, medi-

## BOARD GRANTS PAY INCREASES FOR CO. OFFICIALS

REDWOOD CITY, April 16.—An election to be held in connection with the formation of a sanitary district in North Palo Alto was set for Friday, May 15, at a meeting of the San Mateo county board of supervisors Monday. This date was selected by District Attorney Swart after a conference with S. J. Israel of North Palo Alto, who appeared before the supervisors as spokesman for the proponents of the district.

**Bill Endorsed**

A resolution endorsing the bill in the legislature providing for an increase in salaries for certain county officials and deputies was passed by the supervisors. Following this, District Attorney Swart made an address in favor of more help in his office. He declared that it would be a wise thing to commence now to play for the next term.

"Regardless of who is in office then," he said, "the district attorney will need another assistant. He will be swamped with work if help is not forthcoming. It is unfair to the office to try to do work when help is limited."

Swart recommended that the district attorney be given a salary which would be sufficient so that he would not have to engage in private law practice.

The district attorney said he favored placing the traffic officers, now controlled by the state, under the supervision of the sheriff's office. This could not be done now, he pointed out, but it is worth planning for, he said. "All you can do now is to give the sheriff another assistant," he declared.

**Spur Track Granted**

The supervisors granted to Joseph F. Nash a permit to put a spur track across the old county road between San Carlos and Redwood City, to tap an industrial area now being developed.

The supervisors went into session after luncheon to consider several hundred claims against the county treasury, and to take up other matters.

**SEEK DAMAGES  
FOR AUTO CRASH**

REDWOOD CITY, April 16.—Norman Lewis, 18, and Sidney W. Lewis, 20, are plaintiffs in suits against the Peninsula Rapid Transit Company for damages said to have been incurred when the light automobile in which they were riding was demolished when struck by a bus operated for the defendant company.

The accident occurred at San Mateo, October 25, 1924. The Lewis machine, valued at \$100, was sold for \$10 after the wreck, it is alleged.

Norman Lewis asks for \$618 damages. Sidney seeks \$1021.50. Their attorneys are Gilbert D. Farrell and Fred A. Watkins.

## WOMAN'S CLUB TO RAISE TREE FUND

To raise funds to buy and plant Redwood trees along the highway in this county the Woman's Club of South San Francisco will give a card party in Metropolitan Hall on Thursday evening, April 23, at 8 o'clock. The club believes in preserving instead of destroying the trees of the state and is undertaking tree planting as a new activity.

## JOE TRIBUNE INJURED

Falling 15 feet from a scaffold while at work in the Edwards Wire Works, Joe Tribune, 655 Baden avenue, was treated at the South San Francisco hospital on Monday for a sprained shoulder. He struck in mud which partially broke the fall, but a concealed board caused the injury to his shoulder.

Cal superintendent of the hospital, Miss Margaret Loftus, county nurse; and Miss Genevieve Roberts, superintendent of the hospital, for a conference before the board to explain why private patients were admitted to the hospital from outside of San Mateo county without pay.

## STATE LEGION WILL CAMPAIGN FOR FUNDS

SAN FRANCISCO, April 16.—"California is ready to hear the appeal of The American Legion for two classes of sufferers of the World War—the disabled men and the orphans of fallen veterans," declared Nathan F. Coombs, commander of the California department of the Legion.

The American Legion campaign for a \$5,000,000 endowment fund for rehabilitation and child welfare, which has been going on in several states, is now under way in California. It will culminate in an intensive drive probably about the last of May.

"The American Legion wants the American public to have the opportunity of helping the Legion help the disabled veterans and the children of men who gave up their lives as a result of their service to the country," Commander Coombs said. "Rehabilitation and child welfare are the two greatest post-war problems. They are so closely related that they are almost one. What disabled father has not looked down upon the faces of dependent children with terror lest they suffer the pangs of privation which his restoration to health alone can prevent? Does not his mental anguish over the fate of little children erect a material bar to his own reconstruction?"

## JUSTICES ASK SMALL CLAIMS COURT PROBE

REDWOOD CITY, April 16.—A memorandum to Governor Richardson requesting that a commission be formed to investigate different phases of the business now being conducted in the small claims courts of the state will be sent in pursuance of the action taken by the Central Coast Counties Association of Justices of the peace at its meeting Saturday in Salinas.

The meeting was attended by a large delegation of San Mateo county officials and their families. Justices of the Peace Ray Griffin, Edward Farrell, W. M. Bird, and W. Whitman represented the justices. J. Wallace, F. Owen, T. Simmons, and W. Moore represented the constables. Traffic officers J. Logan, C. Kreiss, D. Goulson, J. Quinlan, and Deputy Constable F. George attended.

Women making the trip were Mrs. W. Bird, Mrs. J. Wallace and Miss Wallace, Mrs. J. Wallace Jr., Miss B. Farrell and Mrs. F. Owen.

While the meeting was in progress, the women were taken for an automobile tour escorted by an honorary bodyguard of state motor cycle police, as arranged by the ladies' reception committee of Salinas and Monterey county.

## LOAN COMPANY ORGANIZED IN REDWOOD CITY

REDWOOD CITY, April 16.—Organization of the California Finance and Loan Corporation of Redwood City, with capital stock of \$200,000, was completed at the law offices of Ross & Ross Monday afternoon.

Articles of incorporation of the organization were received from the secretary of state by County Clerk Elizabeth M. Kneese this week.

W. H. Pfafflin is president of the corporation. Other officers are: Charles G. Lambert, vice president; C. G. Uhlenberg, secretary; C. M. Dossese, treasurer; L. A. Behrens, assistant secretary and treasurer; D. W. Williams, trust officer; Lee T. Ross, legal adviser.

Frank K. Towne and Henry Witte are also associated with the enterprise.

The directors are W. H. Pfafflin, C. G. Lambert, H. C. Groom, C. M. Dossese and C. G. Uhlenberg. The First National Bank of Redwood City will be the depository of the corporation.

The corporation will offer preferred stock in the amount of \$75,000 and common stock in the amount of \$25,000. The balance will be subscribed by founders of the corporation.

It will be the business of the new organization to finance new

## WHAT ORANGE AVENUE MEANS TO THE CITY

A road to the new park site. Bringing of the people of Baden (Los Cerritos tract) into this city. Greater trade for the merchants. Fire and police protection for the people of Baden. Ease of access to schools for which they are taxed.

Ease of access to South San Francisco stores and institutions for the citizens of Baden. Another outlet for the people of South San Francisco to the state highway.

An approach to the huge plant and tract of the California Golf Club and from that area into this city.

An increase in land values.

If these things mean anything to you, be on hand at 8 o'clock Sunday morning to grub out a few willows and outline the street. There will be only a few hours of work, and the more you work, the less time it will take. When the work is done, a barbecue will be served and entertainment provided.

The mayor, the city trustees and every Tom, Dick and Harry you know will be there. But don't go if you think you have to. You are not duty-bound to help. If you want to be with the crowd, go.

Remember, the city must have a street to show the railroad commissioner on May 4, when he hears the city's petition for a right to cross the railroad tracks at grade.

## GUN CLUB HAS SECOND SHOOT EASTER SUNDAY

Members of the South San Francisco Gun Club got together for their second shoot in the fields near the Western Pipe & Steel Company plant last Sunday. G. W. Thomas, hitting 90 birds out of 100, was high point man for the day. A. M. Gearheard was his closest competitor with 83 out of 100.

The next shoot will be held Sunday, April 26, and all trapshooters are invited to attend and participate.

The complete list of officers of the club includes: Edwin Brown, president and trustee; A. Schamberger, trustee and vice-president; C. W. Montgomery, trustee; F. Michael, trustee; L. Keppert, trustee and field captain; A. G. Edwards, trustee; E. J. Pardi, trustee; C. E. Rowe, secretary and treasurer.

## WIDER HIGHWAY AT 'BOTTLENECK' LOOMS NEARER

Widening of the Mission road past the San Mateo county cemeteries to relieve present congested traffic conditions on the important artery into San Francisco will probably be carried out within a few months, City Engineer M. O'Shaughnessy of San Francisco announced following a conference with Col. John H. Skeggs, district engineer for the state highway commission.

The plan presented recently by the commission engineer consisted of the widening of the present 60 foot roadway to 100 feet and the placing of the Market Street Railway tracks in the center of the highway to provide two one-way roads on either side. As conditions exist now, the car tracks take up one side of the road for about 30 feet, leaving a narrow strip into which thousands of automobiles are crowded on week-ends.

O'Shaughnessy stated that negotiations are under way with officials of Leland's cemetery corporation, and that it is expected an agreement will be reached by which sufficient private property will be secured to relieve the peninsula "bottle neck."

A conference with Supervisor William H. Harrelson, chairman of the streets committee of the board of supervisors of San Francisco will be held by O'Shaughnessy and Skeggs to secure action from the city in widening the Mission road all the way into San Francisco, it was said. The state plans to widen the road this year from San Bruno to the southern end of the cemeteries, providing an unbroken stretch of wide road from Palo Alto northward to the bottle neck.

homes and to carry on a general finance and loan business.

## OLD MAIDS TO MEET TONIGHT

**Woman's Club Play to Be Staged in Fraternal Hall This Evening**

Gossip will predominate in Fraternal Hall tonight when the members of the Woman's Club will hold forth a couple of hours in "The Old Maids' Convention", 3 play.

The members have been working for several weeks on the presentation which they believe will be one of the most successful they have ever staged. But one man is allowed a word in this talkfest and that is Mr. J. C. McGovern who is labelled "Professor" and who, it is said, is ultimately snared by one of the "delegates."

The persons taking part in the performance are: Mesdames Catherine Peck, Edna McGovern, Louise Kauffman, Eve Coffinberry, Della Scott, Mabel Johnson, Lillian Cavassa, Nellie Holston, Sylvia Lewenson, Mamie McGraw, Myrtle Snyder, Myra Spangler, Mary Eschebach, Alma Doak, Elizabeth Coffinberry, May Spindler, Anna Conrad, Fern Bowler, Jean Hempstead, Ada Coleberry, Mary McSweeney, Jessup, Edith Spindler, Eleanor Boyle, Bertha Hargrave.

Robert Reed and his high school orchestra will provide music for the piece and a toe dancing number is one of the added features.

The first act will start promptly. An admission of 50 cents will be charged.

## FIRST SHIPMENT OF CEMENT WILL LEAVE REDWOOD

Within a few days the McCormick Steamship Company steamer Silverado will call at Redwood City to load a heavy cargo of cement at the new \$5,000,000 plant of the Pacific Portland Cement Company. This will inaugurate a new service for the movement of cement from here.

The Silverado will be their first deep water vessel to call at the new plant and the steamer will take a big load of cement to Portland.

The call of the Silverado likely will mean the establishment of a regular service for the movement of the cement from the plant, which recently was constructed and has a production capacity of 2500 barrels of cement daily.

For many years there has been an abundance of oyster shells available in the waters near the Redwood City plant and it was only recently that the Pacific Portland Cement Company started production of cement from this raw material. It was stated that the lime content of oyster shells far exceeds that of lime rock and the truth of this assertion already has been proven to the satisfaction of builders, officials said.

The Silverado will consume approximately three hours in cruising down the bay to the new plant, but McCormick officials said there was sufficient offering to warrant their steamers making regular calls at the Redwood City docks of the company. Although the first load of the commodity will go direct to Portland, there is a possibility that the movement will be expanded to include all California and coast ports in the near future.

S. F. steamship officials are watching the experiment of the company with a great deal of interest, as it is certain that they will make a bid for this business should the efforts of the McCormick Line be successful.

## JAILED FOR EVAJING

**SOUTH S. F. HOTEL BILL**

Pietro Colombes, 22, is serving a sentence of 30 days in the county jail for absconding from the Golden Eagle Hotel in South San Francisco. He was arrested by Constable James Wallace and was sentenced by Justice of the Peace Edward Farrell.

**MACBAIN IS GRANTED  
LEAVE OF ABSENCE**

Chairman John MacBain of the San Mateo county supervisors has been granted a leave of absence from the county for 60 days.

## LOCAL MEN DIE IN AUTO SMASH NEAR MILLBRAE

Two men were killed, one of them instantly, when the automobile in which they were riding was struck by a Market Street Railway car on a crossing near Millbrae Tuesday morning.

Orville Canfield, 252 Grand avenue, South San Francisco, was ground to death beneath the wheels of the car. Death was instantaneous.

William Harbuck, of 424 San Bruno avenue, South San Francisco, was so badly injured that he died an hour after the accident at the Mills Memorial Hospital in San Mateo. He never regained consciousness.

The crash occurred on a crossing near the porcelain plant at Millbrae.

W. H. Harbuck was 30 years of age. He is survived by his wife Nancy Harbuck. The remains were moved from San Mateo to the Nieri Funeral Home in this city Wednesday afternoon. The body will be shipped to Mr. Harbuck's former home in Georgia. Mrs. Harbuck will leave for San Diego the latter part of the week.

Oliver Canfield was 19 years old. He is survived by his mother who lives in Arkansas. The body is being held at the Nieri funeral home pending further instructions.

## ROW PREDICTED OVER NEW BAY BRIDGE TITLE

What may develop into a legal battle involving the granting of a franchise for a trolley bay bridge from Little Coyote Point near San Mateo to the opposite shore was seen Monday when Frank Towns gave notice that he would request such a franchise for himself at a meeting of the board of supervisors June 1.

The franchise notice was published in a San Mateo newspaper and it is said to be practically identical with the notice given by Frank E. Webb, who is due to apply for a franchise next Monday.

It is believed that attorneys for Towns may appear next Monday and ask the board to withhold granting any franchise until the new one is considered.

## CRANEMAN SUFFERS

**LACERATED HAND**

Guy Bodine, an employee of the Metal Thermit Corporation, residing at 374 Third street, San Francisco, had his hand badly mangled in the gear shaft of a crane on Monday. He was treated at the South San Francisco General Hospital, where it was found his third finger and the palm of his hand were deeply cut.

## LEGION PLANS DANCE

**AT PACIFIC CITY**

A dance will be given by the San Mateo Post No. 82 of the American Legion in the Pacific City pavilion on Saturday evening, April 18.

**DIVORCE ASKED**

Mrs. Josephine H. Quilfelt Monday filed as divorce complaint in the Superior Court against William J. Quilfelt, whom she married in San Francisco in 1913. The couple separated in April a year ago. There are two children. Quilfelt is charged with desertion. J. J. Bullock is the plaintiff's attorney.

## DRUIDS TO GIVE DANCE

Local Druids will give a big dance next Sunday, April 19, at the Fraternal Hall, from 2 p. m. to 8 p. m., and in the evening from 8 p. m. until 12 p. m., for the benefit of brothers, E. Pellegrini and S. Turcati.

## EPWORTHIAN TO PRESENT A COMEDY DRAMA

**'Welcome Home, Jimmy,'  
to Be Staged on Friday,  
April 24**

"Welcome Home, Jimmy!" a three-act comedy drama, will be given by the Epworth League, a local young people's organization, in Fraternal Hall on Friday evening, April 24. The proceeds will be turned over to the building fund for the new St. Paul's M. E. Church. The following is the cast of characters:

Mrs. Brooks, who owns the Colbrook farm—Edna Young.  
Lucille, her daughter—Helen Roush.  
Peggy Sommers, a young neighbor—Betty Maddrell.  
George Pierce, a small town crook—Ernest Robinson.  
Danny Banks, a country "hick"—Theodore Pursey.  
Valentine Gardner, a young lawyer—Alex James.  
Chesterfield McSwope, his friend—Elmer Vaccari.  
Alice Thomas, a school teacher—Louise Reid.  
Melinda Preston, an old maid—Myrtle James.

The play is the story of a young man returning to his home after an absence of 10 years. He is accused of stealing from a jewelry salesman on the train. A chance acquaintance, a young lawyer, goes to explain the young man's predicament to his family and is mistaken for the real Jimmy. The consequence of the mixed affair causes much enjoyment.

Miss Melinda Gibson of the high school is coaching the play. Tickets will be on sale at the door and by any member of the organization.

## LOMBARDI NAMED SUIT DEFENDANTS

Claiming to have been damaged in the amount of \$20,000 in an automobile mishap at San Bruno in 1924, C. F. Parker and his wife Louise Tuesday were plaintiffs in a suit against August E. Lombardi and S. Lombardi in Superior Court.

The plaintiffs allege that an automobile driven by August Lombardi, a minor, struck Mrs. Parker, who at the time was recovering from an illness. Her health was again affected by injuries incurred in the automobile accident, the complaint states. The mishap occurred at the intersection of San Mateo avenue and El Camino Real, San Bruno, on September 9, 1924.

S. Lombardi is declared liable for the damages, because he signed the boys' application for an operator's license.

Edwin McKenzie is attorney for the Parkers.

The whist party and dance given  
under the auspices of the Colma  
Community Center in Holy Angels  
Hall, on San Pedro avenue, last  
Saturday evening, was a pro-  
nounced success. This affair was  
the last of the series given by the  
center for the purpose of furnish-  
ing rest rooms in the new Jef-  
ferson Union High School building.

May M. Jensen of Lawndale and

of Price street returned from Pet-  
aluma, where they spent the past  
week as the guests of Mr. and  
Mrs. A. J. Brookes on their Pet-  
aluma ranch.

John Pagni, local pool room  
proprietor, was fined \$300 and or-  
dered to the county jail for 60  
days by Judge Walter M. Bird for  
operating an illegal slot machine  
and conducting dances without a  
license.

The girls' baseball team of Jef-  
ferson Union High School met  
the San Mateo girls on the local  
diamond last Friday in an excit-  
ing and interesting game. The San  
Mateo team is considered one of  
the finest in the league and they  
were victorious.

## INSTEAD OF RENTING

Start this month—save your rent money—and make it return you some-  
thing more tangible than a bunch of rent receipts. The same you NOW  
PAY OUT each month for the privilege of living in a home somebody  
else owns will buy a cozy bungalow, and in a few years give you the  
deed to a valuable piece of real estate.

Which is better off—the man with a deed worth three or four thousand  
dollars, or the man with a bunch of paper rent receipts? Every month  
you delay is YOUR LOSS.

## GIRLS' LEAGUE ELECTS

The Girls' League held a meet-  
ing on Thursday April 2 to elect  
officers who had not been pre-  
viously chosen. Those elected were  
vice president Helen Fischer;  
treasurer, Myrtle James; Blue and  
white reporter, Elva Dimming.  
The members of the league plan-  
ned to put on a stunt for Kids'  
Day. They decided to have an  
orchestra called the "Sympathy  
Orchestra", which was composed  
of many "first class musicians"  
who showed great skill in beating  
dish pans with wooden spoons and  
playing the latest tunes with  
combs.

The members of the Girls'  
League want the cooperation of  
all the girls in school. Every  
girl is requested to become an  
active member.

## SCHOOL HIKE POSTPONED

On Friday, April 3, a student  
body meeting was held. The hike  
committee reported that the hike  
would be postponed until April  
25 because the date which had  
been previously considered inter-  
fered with the date of the track  
meet and many of the boys who  
wish to attend the hike have been  
entered in the track meet. A vote  
was taken to decide where the  
hike would be and the student  
body voted unanimously for Muir  
Woods. Further plans for the hike  
have not been submitted, but the  
committee is carefully considering  
transportation and other needs.  
The freshmen initiation com-  
mittee gave a report stating that  
the initiation will not be held  
this semester, but it will be com-  
bined with next semester's initia-  
tion.

Mr. Reid stated that those boys  
who wished to practice for the  
track meet would be able to do  
so during Easter vacation. Many  
of the boys have been devoting  
much time to practicing for the  
meet and we are hoping that they  
be successful.

## KIDS' DAY PROGRAM ENJOYED

The students were vainly trying  
to remember, last Monday, what  
their lessons were, where they  
began and where they ended. The  
cause of such forgetfulness was  
the Kids' Day, held on Friday, April  
3. Although the students were not  
allowed to eat their all day suck-  
ers in the class rooms one could  
see, now and then, a queer look-  
ing thing slyly slipped into a  
"kid's" mouth, or sometimes hear  
a mama doll give a plaintive little  
cry as though it resented the fact  
it was laid negligently on the top  
of a cold desk or forgetfully  
carried by one leg.

At noon various kids' games  
were played and pictures were  
taken. A program was arranged

for the afternoon and school was  
dismissed early so that it could  
be presented and finished at an  
hour that would be suitable for  
the "kiddies" to return to their  
homes.

The teachers forgot their dignity  
as much as to enter into the fun  
and dress as kids for their part  
of the performance—we know now  
how they must have looked not  
so long ago. The program was a  
fitting example of our school  
talent. The teachers gave a music-  
al performance. Mr. Holt was  
called upon for a solo, but be-  
cause of his lack of music he  
was unable to gratify our desires.

Each of the classes and organi-  
zations presented stunts which  
were well received. When the  
performance was completed the  
kiddies gathered their playthings  
and departed.

## HIGH JUNIORS HAVE

## CANDY SALE

The high juniors had a candy  
sale on Kids' Day, April 3. Many  
lollypops were sold to the stu-  
dents who were masquerading as  
small girls and boys. The net  
profits from the sale were \$8.50.

The senior play "The Charm  
School" will be presented on Fri-  
day, May 1. The school hike will  
be held on April 25.

School recommenced on Monday  
April 13, with most of the students  
present, although a few thought  
that one week of vacation was not  
enough.

Scriptures Say Little  
of the Barber's Art

The word barber is only once  
mentioned in the Scriptures, name-  
ly, in Ezekiel 5:1, which reads:  
"And thou, son of man, take thee a  
sharp knife, take thee a barber's  
razor, and cause it to pass upon  
thine head and upon thy beard."

Although barbers are not expres-  
sly mentioned, yet from the constant  
mention of shaving and the incident  
of Delilah sending for a man to  
shave Samson there can be no doubt  
that his class existed among the an-  
cients. The Hebrews were particu-  
larly careful of their head and  
beard, and all seem to have applied  
the razor except the Nazirites, who  
were untouched by it from their  
birth. The Egyptian barbers were  
called khak or shavers, and they  
are represented at work in a tomb  
of Beni-Hassan, of the Twelfth  
dynasty, holding their razors in the  
hand, with a broad flat blade of  
bronze on a line with the axis of the  
handle.

## His Own Fault

Little Johnny went to church and  
seated himself just in front of the  
pulpit.

The clergyman took as his text:  
"I shall come down and dwell  
amongst you." He had repeated the  
words several times, when, without  
any warning, the pulpit collapsed.  
The clergyman extricated Johnny  
from under the wreckage and re-  
marked: "I am sorry. I hope you  
are not hurt."

Johnny replied, "I should have  
been prepared. You warned me off  
enough."

## Keen Shot Kills Tiger

With his long tall erect over his  
back and his head held high, came  
the monarch of the forest straight  
for us. His strength, grace and  
speed are impossible to describe. As  
he rounded a turn about 60 yards  
away I let him have "it" with my  
right barrel. The bullet went true  
to its mark. When it hit him, full  
in the right eye, he was in the act  
of making a spring. The leap, for  
a good 20 feet beyond, came, but  
when he touched the earth he was  
stone dead. The bullet had entered  
his brain, and not a mark was vis-  
ible on his beautiful coat, nor was  
there the least twitching of his mus-  
cles after the fatal shot.

No one there had ever seen or  
heard of a tiger being shot without  
having a mark of any kind made of  
his skin.—Brig. Gen. William Mitch-  
ell in National Geographic Maga-  
zine.

## Causes of Earthquakes

It has been thought by some that  
the center of earthquakes and vol-  
canic disturbances is always near  
the sea or other large supplies of  
water, and that the disturbances  
are directly caused by the filtration  
of the water down to igneous mat-  
ter, and the consequent generation  
of vast quantities of steam, which  
freed itself by explosion. Others  
have sought to explain earthquakes  
as part of the phenomena of a  
planet cooling at the surface or  
to the yielding of strata so as to  
slip downward upon each other.

There is one motor car now for

Don't wait  
for your  
ship to  
come in

How often have you heard the expres-  
sion, "When my ship comes in I am  
going to do this or that," or "When  
luck favors me then I will undertake  
accomplishing certain things"?  
The few who are favored with lega-  
cies, who receive money other than  
by their own efforts, seldom apply con-  
structive thoughts; too much money  
takes all the efforts and joys out of  
life and makes it hard to appreciate

the worth-while things. It is the  
thrifty man or woman who adopts the  
saving habit; carefully considers the  
future and has the ability and stick-  
to-it-ness to make sacrifices if neces-  
sary to attain their goal, who are  
really happy, contented, and get most  
out of life; folks of this kind represent  
the successful people, you know. All  
around you is evidence of success,  
of determination to succeed, families

who are happily housed in homes of  
their own, made a reality through con-  
servative and continuous efforts; while  
on the other hand you have acquain-  
tances who have existed and always  
will exist in homes provided by oth-  
ers, retained only at a monthly rental;  
they prefer to live up to their daily  
earnings, let the future care for itself  
and in later years condemn the world  
because of their self-styled misfortune.

## ENTERPRISE CHANGES HANDS

New Publisher Can Be Counted On to Serve Community in a Way That Will Speed Its Further Development

With this issue the Enterprise passes from the ownership of George Morell into the hands of Thomas Wiedemann. It is worth while to point out here some of the changes in this city witnessed by the paper during the past year and four months and to name some of the projects either fostered or aided by it.

This journal has backed every worthwhile project advanced by the city administration. Among the city projects to which space has been free given are: the building of parks and playgrounds; aid in the city's fight for the right to extend Orange avenue to Baden; ample publicity to Orange Avenue Day; endorsement of the board's stand on gambling and vice conditions; through car service to San Francisco.

On its own this paper has advocated Sunday closing of stores and has seen them close their doors on Sunday. Since that has been realized it has advocated 7 p. m. closing from time to time. That will be realized in the near future. The use of school grounds as playgrounds under supervision in summer has been urged until such time as playgrounds can be built. Improvement of Butler road beach as a pleasure spot for the city was projected last summer. The Community Chest and the Boy Scout movements have both been supported.

Columns of publicity were given the recent election for school bonds at which the citizens voted almost unanimously to construct new buildings. We have always urged home building, gardening, general beautification of the city, and trading at home.

These are a few of the things the Enterprise has worked for during the past year and four months. To boost the city at every possible occasion and to suppress all local political quarrels with a view toward maintaining a unified citizenry working for the best interests of the community at large, has been a policy.

The next issue will be edited by the new publisher. He has had years of experience in the newspaper business and understands local conditions. His views correspond in a great measure with those the paper has expressed in the past. It is his plan to carry on where we have left off with the same idea in mind—to aid in the building of a greater South San Francisco.

That the views recorded in these columns have met with the endorsement of a majority of the citizens of this city is indicated by the tremendous growth in circulation during the past year. From 800 subscribers to 1,600 in a year is the record of the Enterprise.

## PLANT TREES BY HIGHWAY FROM MILLBRAE TO COLMA

Border with trees the highway between Colma and Millbrae. The eucalyptus-lined avenue running from Millbrae to San Mateo serves as a model of just what can be done to make our highway system a delight to the eye. It is, in a sense, a seed, from which might expand an avenue continuously bordered with beauty to the very gates of the city.

From wind-swept sand dunes there has arisen under the patient genius of John McLaren the glory that is Golden Gate Park. Here and there through the state the aesthetic pride of the pioneer has enriched our roadways with patches of shade and shelter.

The example is one a motoring public should be eager to emulate. We ought to extend this sylvan pathway to the corporate limits of Colma to begin with. Other extensions would be bound to follow. In a little time the highway from Colma to Millbrae could be made as attractive as the wooded stretch that now adorns the boulevard from Millbrae to San Mateo.

John McLaren has the foresight to plant these trees at Burlingame nearly 40 years ago. He says that any tree that will grow in Golden Gate Park will thrive along the peninsula highway. Eucalyptus, acacia and certain conifers are especially adapted for the purpose. The planting can be done in one season, using trees two or three years old. After a little attention given to their early growth, the trees will take care of themselves.

Under the law, we understand, the counties of the state may make these improvements if the property owners on the right of way cannot be induced to plant the trees.

The vista of such a highway is so enticing in contemplation that it should find eager support with the county authorities of San Mateo. The city dweller will be more easily attracted to the towns and boroughs of the peninsula when the approach to the wider spaces is thus appealingly presented to him. A treed highway will remove bleakness and

## EVER MEET A LONG-LEGGED FOOL?

If So, He May Have Been Exception to Rule That Length of Shank Is Index of Brain Capacity

A couple of these scientific professors are reported now as propounding the theory that with the human race the rule is the longer the leg the more the brains. It doesn't sound convincing to us, but it isn't discreet to be skeptical in these wonderful days. In our personal experience it seems to us we have met a considerable number of long-legged individuals who were obviously far from powerful mentally, and we have met at least some men who stood sturdily on stubby legs to maintain positions which won our respect for their mental quality. Still, we have to admit these observations of ours have been casual and untabulated. The professors are going to reduce the matter to statistics, which is proof in science.

If the tables they arrive at in their studies of length of leg as an index to mental ability confirm their reported suspicions, future writers of history will pen some passages that may seem logical in those later days, but, if we try to anticipate them, have a whimsical sound now.

"It has long been a matter of speculation to scholars," one of them may write, "how Napoleon and Roosevelt achieved victories over longer-legged opponents. Many of the successes of these two have been popularly regarded as the result of superior minds, which is obviously impossible, since most of their opponents had longer limbs than they."

Or one rewriting history in the new light which casts these lengthened shadows of legs, may have this:

"Steven Douglas had gained not only in the West, but throughout the nation a reputation for astute leadership and great mental adroitness, but as soon as the two appeared together on the platform, the inevitable outcome of the debates was clear. Lincoln, with his remarkable, almost awe-inspiring length of leg was clearly the mental master of the conspicuously short-limbed 'Little Giant.' As the two were seen thus close together and the great disparity in Lincoln's favor was made vividly apparent it seemed almost unnecessary to proceed with the debates, so certain was the outcome to be victory for the man who once remarked in quaint modesty that a man's legs ought to be long enough to reach to the ground."

Washington Irving was clearly mistaken about Ichabod Crane.

Trade across the Pacific, with Oriental countries, is increasing. This is significant and gratifying. Across these waters, within the next quarter of a century, will develop the most phenomenal ocean-going commerce in the history of the world. There is every indication of this. California will be the Keystone state in this tremendous commercial development. Its ports will team with shipping from the ends of the earth. The great tonnage now transported across the Pacific and along its coasts is pigmy compared with the vast tonnage that will figure in the commercial evolution of the future.—Long Beach Press-Telegram.

There can be no doubt that an honest life insurance agent who is at the same time competent in the sense that he has studied and mastered the details of that great profession, will do more good, perhaps, than anybody one meets in the entire year. Anybody who will study the statistics will be appalled to note that the small sum of 3 per cent of the earnings of the public is all that goes into life insurance, yet life insurance collected by widows and families is so important that it ranks high in the floating capital of every community.—San Luis Obispo Tribune.

The University of Southern California is part of the state university. It has been a success, thus proving that one board of regents was ample to insure its marvelous growth of which its proponents are so justly proud. But the effort to make two universities instead of one in California has failed in the legislature. It was wise to keep the organization intact.—Hanford Sentinel.

baroness from the landscape and give the hills and lowlands a dress they can wear with grace and propriety.

Only God can make a tree, but man can supply the deficiencies of nature of planting. As in the construction of our highways we law our course to space an existing tree where possible, so we should be quick to add to the charm of our landscapes where opportunity is so easily presented.—San Francisco Chronicle.

## MERCHANTS WIN FROM STEEL MEN

With Jazz Wette pitching shut-out ball the South San Francisco Merchants' team on the high school lot last Sunday, 9 to 0.

Wette struck out 16 of the opposing batsmen and allowed no hits or runs. Others who starred in the contest were Petrocchi, catcher; Wring, third base, and Virgil Ringe, who went to bat four times, got four hits, and scored four runs.

The new uniforms for the team have arrived and the boys are open for games, according to their manager, E. Ringu.

## San Bruno News

Thomas Wiedemann, who has been suffering from an attack of influenza, is much improved.

Mrs. Dinneer and Mrs. Bohm attended the services held at Mt. Davidson, Easter morning.

Ed Flynn is recovering from an attack of influenza.

The following are the names of the prize winners at the children's pet exhibition held in San Francisco: Rose Lombardi's pet pig won a special prize and her shepherd dog and family of five pups won first prize; Jimmie Valentine won a cup for the best variety of pets; Timmie Bartozzi won second prize for his pet Alredale; Dorothy Davis, Alfred Allen, and Charlie Ringe won prizes for their dogs; John Schaukovich won third prize for a pet hen; Jean Bronell won first prize for a pigeon; Donald Grisez first prize for a guinea pig. The Edgemont School secured a prize for the best collection of wild flowers and also won the challenge cup for having the most entries. Herman Bedford won second prize for a parrot, and Victoria Ryan first prize for a pet dog and parrot.

At the regular meeting of the city trustees, Wednesday evening at the city hall, an ordinance was introduced which provided for the numbering of the houses, also for the renaming of a few streets and designating alleys as rights-of-way. The Civic League and the Veterans' Association requested the use of the city hall for their meetings and the request of each was granted. Frank Ruzic was officially appointed fire truck driver. Permission to give a dance was given to the firemen and Frank Botmale was given a permit for a picnic to be given by a San Francisco organization. Ten years is the limit of the bonds for the street improvements in Fourth Addition. The bids which were submitted for the fire hose were laid over for consideration until the next meeting of the board. Communications were received from the San Bruno Civic League and the Chamber of Commerce concerning the sidewalks by the highway. The matter was left in the hands of the mayor to take up with the United Railroads. Many building permits were given, including one to the Fox McQuilly Company for an office building and storage room for lumber on San Mateo and San Bruno avenues in Belle Air Park.

The whist party for the Northbrae P. T. A. will be held at the schoolhouse Saturday evening, April 18.

## Western Meat News Items

The Welfare Club of the Western Meat Company announces that it will give an entertainment and dance at the Fraternal Hall of South San Francisco on Wednesday evening April 22 at eight o'clock. A number of feature numbers are being arranged for the entertainment and a good orchestra has been secured for the dancing. A nominal price of fifty cents is being charged for the tickets which can be secured from any of the foremen of the plant or at the door on next Wednesday evening.

Pat Bowler is confined to his bed with a serious illness. The boys miss Pat's jovial Irish wit and pedro playing and hope to see him around again soon.

The girls from the office were observed on Monday, learning how to handle one of the speed charts from Detroit that was parked near the plant. Considerable fun seemed to have been derived from the escapade. We would suggest that some kind of person furnish a Lizzie for the amusement of the girls during the luncheon hour.

The advent of spring is heralded by the application of several coats of white paint to the administration building. We believe that this adds greatly to the attractiveness of the buildings and sets off nicely Dad Cameron's gardens and lawns.

We are happy to note that Joseph McEnerney, the superintendent's secretary, has returned to work. Mac was laid up for a week with a throat trouble but is now feeling himself again.

We are also glad to hear that Mrs. Blake is well on the way to recovery.

About eighty of the boys are now busily engaged in the evenings studying the packing industry and its problems thru the medium of correspondence courses. The opportunity for this study was secured through the personal efforts of our superintendent, Mr. Snyder. Three courses are being offered: Packing house operations, mathematics and salesmanship.

Quantunque sia comparativamente giovane, Wiedemann ha in diverse parti del mondo e durante la recente guerra mondiale combattuto con l'esercito Canadese.

## CHEVROLET FINDS IT DIFFICULT TO MEET CAR DEMANDS

Difficulty in securing cars for delivery is the complaint of Edgar H. Lewis, Chevrolet dealer. Lewis declares the popularity of the new Chevrolet is so great that he is actually losing sales here by being unable to get the cars for purchasers. Recent sales in this city were: To Mrs. J. R. Borden, 534 Baden avenue, touring; E. J. Wilcox, San Francisco, coach; A. Cohen Furniture Company, touring and roadster.

About Chevrolet shipments the Wall Street Journal from its Detroit bureau, publishes the following:

DETROIT—Chevrolet Motor Co. shipped in March 39,996 cars to United States dealers, 4,923 for export and 3,477 to Canada, a total of 48,395. This record is the highest except for October, 1923. March 31 shipments reached a new high daily record of 3,095 cars.

March deliveries to customers in United States were practically the same as shipments to dealers, but both shipments and retail deliveries were 50% greater than February. April shipments are expected to increase 23-33% over March. Reports from dealers indicate cars in increasing amounts can be delivered as fast as received.

## Notice to Taxpayers!

## Second Installment of County Taxes for 1924-25

Notice is hereby given that the second installment of county taxes are now due and payable and will be delinquent on April 27th, 1925, the last Monday in April, and unless paid prior thereto, five per cent (5%) will be added to the amount thereof.

Taxes may be paid on any day at my office, except Sundays and Holidays, in Redwood City, at the Court House, between the hours of 9 a. m. and 5 p. m.

Send a description of your property when asking for tax statement. Notify this office of any change of address.

FORTY GUESTS ENTERTAINED AT CHRISTENING PARTY

Mr. and Mrs. G. Penna of Ashton avenue entertained 40 guests at a dinner, Sunday, March 22, in honor of the christening of their son, Renato Penna, the little lad being two years old. The dinner was served in Italian style at about 2 o'clock in the afternoon and in the evening the guests danced until a late hour.

## FESTA FAMILIARE

Domenica 22 marzo in casa dei Signori Penna di Ashton avenue ebbe luogo una di quelle feste di famiglia italiane delle quali l'invitato, a stento possono dimenticare il lieto ricordo.

La festa, di carattere familiare, ebbe lo scopo di celebrare cinque eventi che ben di rado dimenticano in una famiglia come quella dei Signori Penna. Il piccolo Renato infatti fu il centro della celebrazione, perché in quel giorno fu battezzato e nel medesimo tempo compiva il suo secondo anno d'età. Nello stesso giorno, guarda combinazione, la Signora Giovanni Penna, la fortunata madre, volle celebrare il suo compleanno ed il dodicesimo anniversario del suo matrimonio col Sig. Penna, il quale a sua volta non manc  d'aggiungere un'altra buona scusa dicendo di voler sanificare il giorno del suo onomastico, cioè San Giuseppe, che cade proprio il 19 o tre giorni prima della bella ed indimenticabile data.

Non val la pena di dire che vi fu l'immane banchetto con una quarantina o pi  d'invitati fra i quali primeggiava la signora Teresa Uccelli, che funzionava da Madrina del piccolo Renato accompagnato dal Sig. G. Uccelli. Il battesimo ebbe luogo alla chiesa cattolica di South San Francisco con la partecipazione di una lungha schiera d'amici e con un accurato servizio d'autobus che cade proprio il 19 o tre giorni prima della bella ed indimenticabile data.

Oltre alla famiglia del Sig. Penna, fra gli invitati notammo quella della Signora Teresa Uccelli; Sig. e Signora G. Uccelli e nipote Giovanni; il Sig. L. Ferrero e Signora di San Francisco; il Sig. A. Ferrero e famiglia pure di San Francisco; Sig. T. Marcano e famiglia di Napa, Calif.; G. Fenoglio e famiglia; Sig. Parente e Signora; Sig. G. Baroni e Signora; Sig. B. Dama e altri dei quali ci sfugge il nome.

## BUICK MARCH SALES LEAD IN ENTIRE STATE

In February, the month that is considered one of the hardest of the year from an automobile merchandising standpoint, Buick showed itself a real leader in new car sales in the six cylinder field, according to Joseph D. Altieri, manager of the Colma Motor Car Company, Buick dealers.

For the state of California, Northern California, San Francisco city and county, in Alameda county, and the city of Oakland, Buick led all other six-cylinder cars in new car sales for the month of February. The figures, which were taken from the "Motor Registration News," a journal devoted to the statistical phase of the automobile industry, show Buick with a total of 763 registrations for the state, the next highest six with 636, and the third highest six with 584.

By leading in February, Buick showed a gain of 29 per cent over the same month last year. This percentage increase represents 129 automobiles in February of this year over the Buick 1925 total.

## RELiance SHOWS CHRYSLER AND MAXWELL CARS

A new Maxwell club sedan and a Chrysler phaeton are attracting lots of attention in the display rooms of the Reliance Garage this week. Motorists are particularly interested in the Chrysler phaeton, according to Ed Nolan, although the four-cylinder Maxwell club sedan is eliciting its share of praise and admiration.

The Reliance is preparing for a good season in motor car selling. The Chrysler has been on the roads long enough to convince the public it is everything claimed for it. George Chrysler has now turned his attention to developing the Maxwell and the quality of that car has been raised tremendously.

A new cheap car in England, selling for \$375 and having 3 1/2 horsepower, has no metal springs, sufficient resiliency being afforded by balloon tires.

ORANGE AVENUE DAY CELEBRATION TO START AT 8 A. M.

The lines for Crane avenue are laid, the barbecue pit has been prepared, a list of entertainers has been arranged, and everything is in readiness for Orange Avenue Day, next Sunday, when every able bodied and loyal citizen of the city is expected to help the city trustees cut Orange avenue through to Baden, or Los Cerritos tract. That was the announcement the committee in charge made yesterday.

Everyone is urged to be on hand at 8 o'clock so that the willows and barbed wire may be removed by noon, when Pete Lind and his gang of barbequers will have ready the beef and the Woman's Club will have prepared the coffee and salad. The Boy Scouts will serve.

Entertainment numbers will include: Gallagher and Shean, by A. P. Scott and Dr. J. C. McGovern; vocal solos, Ben Hjerpe; humorous readings, by L. G. Hardy, Jr.; vocal solos, J. G. Walker; accordion solo, Caesar Lencioni.

It is expected the celebration will produce more fun for local people than anything staged in recent years. The entire population will profit by the cutting through of Orange avenue, which will provide a new outlet for the city, bring more business to its stores.

## LA CELEBRAZIONE DI ORANGE AVENUE PRINCIPIA DO MENICA ALLE ORE 8

Il corso di Orange avenue   tracciato, il fossa per cuocere il "barbecue"   preparato, e la lista dei debuttanti che improvviseranno scene comiche   in punto d'ordine. Tutto   pronto per l'apertura di Orange avenue, domenica quando, si prevede che ogni bravo cittadino sar  alla portata di mano per contribuire col suo lavoro manuale per il taglio di Orange avenue attraverso il saliccio fino a Baden o Los Cerrito tract.

Questo   quanto fu annunciato ieri dal comitato incaricato per i preparativi.

Tutti sono pregati d'essere pronti per le ore 8 a. m. per farsi che i salici ed i cespugli siano scombriati per mezzogiorno quando Peter Lind con la sua squadra di "brucia-carne" avr  pronto le squisite "beef steaks" e le donne del "Woman's Club" l'insalata ed il coffee che verr  poi servito dai "Boy Scouts".

Il programma d'intrattenimenti includer  i seguenti numeri: Gallagher e Shean, sostenuti rispettivamente da A. P. Scott e Dr. J. C. McGovern; vocal solo da Ben Hjerpe e J. G. Walker; letture umoristiche da L. G. Hardy, Jr. e Cesare Lencioni col suo accordo.

Gia' si prevede che questo evento sar  la causa di tanta allegria ed divertimento per gli abitanti di South San Francisco, non mai avuta da anni in qua. L'intera popolazione ne ricever  i benefici per l'apertura della sudetta via, la quale creera

CITY GIVEN CONTROL OF ITS WATERFRONT

A bill by Assemblyman Frank Ekwand, San Mateo county, granting tidelands to the City of South San Francisco was signed last Friday by Governor Richardson. Control of the harbor was urged by a committee headed by City Attorney John F. Davis and including Ambrose McSweeney, county tax collector, and Ben H. Truax, fire marshal.

IL CONTROLLO PORTUARIO PASSATO ALLA CITTA'

Il governatore Richardson, venerdì scorso metteva la sua firma alla legge presentata e poi approvata dalla legislatura, dall'Assemblyman Frank Ekwand della Contea di San Mateo, che sancisce alla citt  di South San Francisco, il controllo del porto e delle acque della baia che fronteggiano il territorio della citt .

Il controllo portuario fu raccomandato al governatore da un comitato capitanato dall'avvocato della citt  John F. Davis e composto da Ambrose McSweeney, esattore della contea, e da Ben H. Truax, capitano dei militi del fuoco.

La legge   intitolata: "Atto di cessione alla citt  di South San Francisco, dei terreni sopra e sotto l'alta marea e delle paludi dello sfato di California, incluso il diritto di scalo alla citt  di South San Francisco nonche' la regolazione dell'uso e del controllo di esso."

### Irish Wake

A wake is a vigil with a corpse. The word is derived from "wacan," Anglo-Saxon for a watching. It is still customary in many countries for friends and neighbors of the deceased to sit up nights with the corpse until it is buried. The custom probably originated in the ancient superstition that unless carefully guarded a corpse was in danger of being carried away by spirits from Hades. The Irish wake is especially notorious. In some parts of Ireland those remaining up nights with a corpse spend the time in drinking, dancing and telling jokes and stories. It is a highly festive occasion. Grace Greenwood in her "Stories of Travel" has this to say about the Irish wake: "A wake, sure it's an entertainment a man gives after he is dead, when his disconsolate friends all assemble at his house to discuss his virtues and drink his pother."—Pathfinder Magazine.

### IN MEMORIAM PAUL BLANCHARD

Paulie has gone and left us. He faded away like a flower. Reminding us of the lilies, which bloom and fade in an hour.  
For Paulie's three short years, we were only so many hours. As told by God's calendar, which hangs in the heavenly bowers.  
He went to sleep like an angel. What wonderful, beautiful sleep, in which his tired feet rest forever.  
And he will never wake to weep. Loving, bright and kind, he's gone. To his home in the evening star. And if we will only look upward, We will see him shining afar.
